Lakeland, FL 33803

(863) 644-2408

Dear Families,

At Dentistry for Children, the health and safety of our patients and dental team and all of their families is our number one priority. We had made the decision to limit our care to emergency treatment only as of March 18th, however, in accordance with the guidelines issued by Gov. Ron DeSantis on March 20th, this will continue until May 8th and possibly longer.

All appointments from 3/18 - 5/8 have been canceled. Once we have a confirmed date of when we are able to resume regular operations, our team will contact you to reschedule.

Please call our regular phone line, (863) 644 - 2408 and follow the prompts to reach the emergency line if your child is experiencing any of the following:

- Dental infection that is causing a swelling of the face
- Severe dental pain that is limiting the ability to eat, drink or sleep
- Trauma to the teeth, mouth or face
- As the hospitals and emergency rooms are already strained, we encourage you to call us first with true dental emergencies.

We understand this is an inconvenience for many families and, just like you, we are hoping for a return to normal sooner rather than later. Thank you for your understanding and don't forget to brush and floss extra well, and of course, wash your hands!

Drs. Tarver and Scheps, and the Dentistry for Children Team
